15th March 2018

Dear N J Miller,

So impressed was I with the behaviour and attitude of your year 3&4 pupils when they visited us at Birmingham Botanical Gardens recently, that I felt it important to write and congratulate your school and ask you to pass on my congratulations to the pupils (and staff) in question.

The pupils were attentive and polite and handled the animals carefully. There was great participation in the challenges. Furthermore, they were all extremely well-behaved, polite and courteous to others during their self-guided time onsite.

Therefore, we would be more than pleased to see your pupils return anytime and we look forward to welcoming your school again soon.

Education at the Gardens – what's on ...

- 🌱 New for 2019 – **Sensational Science!** Have you ever seen plant DNA? Are leaves really green? Here at the Gardens, we obviously think plants are amazing. So, why not come and investigate for yourselves just how amazing in our new practical, laboratory-style teaching session.
- 🌱 We will be offering 2 teaching sessions for £10.00 throughout our off-peak season (August to February).

For further information, please contact us on 0121 450 5093 or at education@birminghambotanicalgardens.org.uk

Finally, we love to see and display visit photographs or classwork that has been completed following a visit to us. Please forward anything available to be shared, to: education@birminghambotanicalgardens.org.uk

Yours sincerely,

James Jarvis (Education Manager).
