

Welcome to 2B!

Some of you already know how great it is to be in a class that ends with the letter B. For those of you that haven't experienced the magic that is Miss Barclay's classroom, you have an amazing year coming up. Miss Postings and I have been working hard thinking about how to make this year special! In autumn, we will be learning with Paddington Bear and will be joining him on his journey to London from Peru. Paddington will be introducing us to all the great history that is attached to our capital city. We know it's been an unusual year and we have all had different experiences. We can't wait to share our experiences and to hear all about yours. Learning has been very different for everyone. We know this and we have thought about this carefully. We can't wait to make new memories with you all, starting with our adventure with Paddington. Some things will stay the same,

- You will arrive at school through the KSI gate.
- Playtime will still be on the KSI playground.
- You will still see all your friends from Year 1, even if it is at a distance.

Some things will change, but I will be here to guide you along the way! One of the most exciting changes is our move to the Year 2 classroom. I can't wait to show it to you and to put your work up on the walls! Another exciting change is that we will be teaming up with 2P and Miss Postings. She is so excited to meet you all.

The motto from 1B is coming with us to 2B ... TEAMWORK
MAKES THE DREAM WORK!

See you soon,
Miss Barclay ☺
