Thursday 16th July 2020

Dear Parents/Carers,

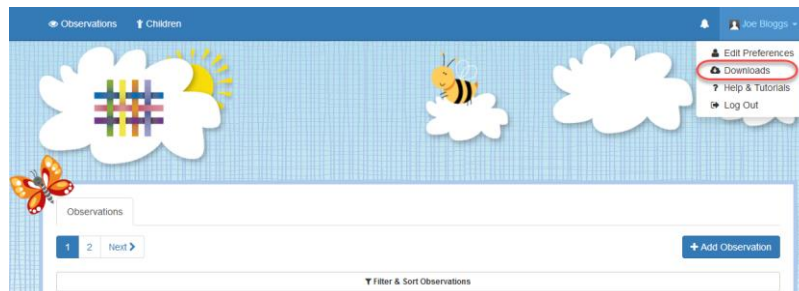

As we approach the end of the school year, we will be making your child's learning journey available for you to download from Thursday 16th July 2020. Downloads are only available for 7 days after being created, so don't delay downloading if it is possible.

Please note that PDF and media downloads are NOT available on the app version of Tapestry, and that you may need to download a special app to view PDFs on a mobile or tablet device. Also, Videos are not saved within this PDF. If you would like to keep any videos you will have to click on the individual observations and save them manually by clicking download from the observation screen.

To download your child's learning journey please follow these steps:

Step 1: Log into Tapestry using the web browser version through our login page at <https://tapestryjournal.com/>.

Step 2: Click on your username at the top right of the screen and select 'Downloads' from the drop down list.

Step 3: On the Downloads page you should see all downloads you have available. Click the red 'Download' button to download your PDF copy of the journal.

Make sure you save your files somewhere safe and if possible save it to permanent storage off your PC (such as a CD or external hard drive), marking it so you will be able to find it in the future. Remember, Tapestry records will usually be deleted once your child has left the setting.

May I take this opportunity to thank you all for your continual support this year. I hope you have a wonderful summer break.

Yours sincerely,

Miss A Stanton

Miss Stanton
