### Try your best to stay apart from others

 You have probably heard of 'social distancing'. Try your best to not get too close to other children or adults.

 Think of it as a protective force-field you have around you, like you are a super hero !

### Stay inside your class/group all day

It is important that we do not mix unnecessarily with children or adults from other classes or groups. You should stay in your groups for class, KS2 spellings, KS2 maths. Be especially careful at break and dinnertimes not to mix with other groups.

### Especially at break and lunchtime

Do not walk through groups of other children who are not in your group at break or dinner. E.g. YI groups should not walk through Y2 groups and vice versa. IW should not walk through IC. Y5/6 should not walk through groups of Y3/4 children etc.

It is very hard, but when we go outside, please try to keep your distance even if you are playing a

### Tell an adult if you feel unwell

If you have been sick or feel sick, or if you think you have a temperature, tell an adult quickly.

### Do not bring things in from home or take things home with you from school

This includes stationery such as pens and pencils. You should only bring lunch boxes (KS2 only), water bottles, coats, home readers and planners.

# Come to school and leave only using the gates you have been shown

This way in

It is important that we do not mix unnecessarily with children or adults from other classes or groups.

To help, arrive on time at the correct gate and leave by the same gate.

Remind your adult what time your gate leaves school as the end of day have different times for different year groups ⓒ

# Catch it, kill it, bin it !

If you cough or sneeze, try and do it into a tissue. Then, put the tissue into the nearest bin with a lid and wash your hands/use hand sanitizer.

### Lunchtimes

- Before you enter the hall, you must line up and have a squirt of hand sanitizer from your lunchtime supervisor.
  Whilst eating, you must eat in silence so that you do not transmit germs/fluids to others around you.
- You must stay seated until you have finished your meal; then put your hand up to wait for instructions from an adult.
- To get back to your playground area, you must follow your exact path.

# Wash your hands regularly

Wash your hands with soap and water for 20 seconds and then dry them properly (remembering to put your used towel in the bin) or use hand sanitizer every time you enter the room, especially after you have been to the toilet or before you are about

to eat.

- Wash hands regularly:
  - $\circ$  when you arrive at school
  - $\,\circ\,$  when you return from breaks
  - $\circ\,$  when you change rooms
  - before and after eating

### • Remember, make a THUD!

- T Do not **touch** anybody else, even at playtimes (including lunchtimes!).
- H Wash your **hands** regularly.
- U Tell an adult if you feel **unwell**
- D Keep your **distance** from others.

## Follow the normal school rules well !

### Be: SAFE, RESPECTFUL AND READY TO LEARN

# Let's do this together !

If we can all follow these extra rules to keep us safe for the next few weeks, then hopefully we can come back to school in September and things will be a bit more like normal.
